#	Topic	Background and Latest status	Action Needed	Who
1	Integrated Sustainable Taskforce (ISTT) (previously Active Travel Forum)	<p><b>Background:</b> The purpose of the 'ISST' was to enable CWaC to consult a diverse group of engaged members to provide feedback in respect of projects that the council decides to pursue. Formed from 3 separate groups including the Active Travel Forum. The ISST leader is Rose McArthur.</p> <p><b>Latest:</b> Still no movement seen on re-starting ISST. CNC's view is that ISST scope is tool wide to make progress, The Active Travel Forum (ATF) was more successful with a more focused scope.</p>	<p>Chris Copeman will raise a motion at CWAC to restart the ISST</p> <p>Waiting Chris to feed back 12/3</p>	CC
2.	Road Surfaces - Pothole Reporting	<p><b>Background:</b> Experience has shown that CWAC's Highways Dept. respond quite promptly to specific requests to fill them. However they need to pass a criteria which doesn't take account of cyclists needs</p> <p><b>Latest : Some of £168m has been allocated to potholes</b> CNC members are encouraged to report as many potholes as possible using the report-it app  <a href="https://www.cheshirewestandchester.gov.uk/residents/contact-us/report-it-app.aspx">https://www.cheshirewestandchester.gov.uk/residents/contact-us/report-it-app.aspx</a></p>	<p>This remains a key topic when the successor to ISTT is announced</p> <p>TR to monitor website visits to evaluate whether the way we distributed the info on the "levelling up/pothole" funs has led to an increase in traffic.</p>	<p>All</p> <p>TR</p>
3.	Planning Applications	<p><b>Background:</b> Nic Siddle's Chester Cycling campaign diligently monitors planning applications for our area to evaluate whether they meet requirements of Active Travel design &amp; the Supplementary Planning Document. CNC then needs to consider the implications and whether any S106/CIL monies can be obtained to further our objectives.</p> <p>AM proposed that CNC would appoint a member to focus on our area as Nic is not familiar with local needs.</p> <p><b>Latest:</b> The consultation on the potential solar farm located at the Frodsham marshes has been pushed back until the Autumn.</p>	<p>Would anyone like to pick up this important role?</p> <p>No volunteers have stepped forward</p>	Members

Each section could then be optimized for cost. The group discussed the proposed 4 sections and agreed to the proposal, with a question to Sustrans about what could be done to make the Old Chester Road more cycle friendly.</p> <p>1<sup>st</sup> stage payment made</p> <p>It was noted that it may now be appropriate to make Dunham Hill &amp; Hapsford Council contacted – no response as yet</p>	<p>Sustrans to update the study based upon the proposed sections, with each sections having an estimated cost. To be presented at May meeting</p> <p>.</p>	<p>Sustrans</p> <p>SP</p>
7	Frodsham Town Council	<p><b>Background:</b> A working group comprising CNC's AMc, FW, MW and Cllrs Patrick Eakin, Lucy Sumner &amp; Pauline Lowrie has been formed to improve Active Travel (AT) in Frodsham.</p> <p><b>Latest:</b></p> <p>i) Improve Active Travel signage &amp; information.
